

Snow 10 Pro

HANDY SPEECH, TABLET-SIZE SCREEN,
FOR ACTIVE LIFESTYLE

"I use it to listen to recipes in the kitchen with my wife. Cooking is a fun activity again."

- Fred J. Henriksen

"I listen to books each evening before I go to sleep."

- David K. Tiedemann

"I read the newspaper again, by listening. I also take it with me on the train to my friend's home."

- Shawn L. Alonzo

THE ONLY 10-INCH VIDEO MAGNIFIER WITH OCR AND SPEECH

High quality, human-sounding speech, brings the printed word to life. Listen to print material you have scanned or with imported PDF files. Snow 10 Pro is lightweight and can be used virtually everywhere including restaurants, stores, while traveling, at school, at work or at the library.

IS THE TEXT-TO-SPEECH FUNCTION EASY TO LEARN?

"I am 69-years old and tried this at a conference. It took me just seconds to learn that reading is just a simple 2-step process." - Anna S. Marrero

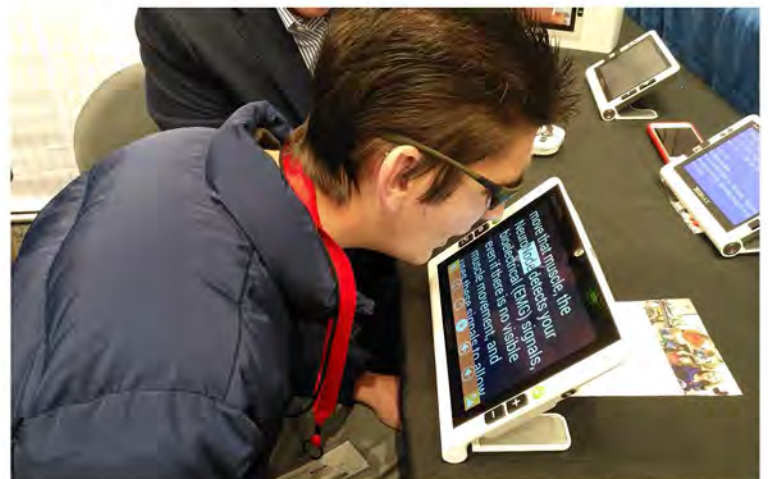

HOW DOES SNOW 10 PRO COMPARE TO OTHER HANDHELD VIDEO MAGNIFIERS?

Besides being the first and only 10-inch magnifier with available OCR and speech, Snow 10 Pro is the only handheld video magnifier that includes voice prompts to help guide you while using the device.

WHY SNOW 10 PRO INSTEAD OF A DESKTOP VIDEO MAGNIFIER?

The lightweight design and included carry case make it convenient to carry around. Weighing just 2 pounds and running on battery for 3 hours on a full charge, mean you can use Snow 10 Pro virtually everywhere.

HANDY SPEECH
